## Wetaskiwin Good Roads Association Meeting

A re-organization meeting of the Wetaskiwin Good Roads Association will be held in the city hall on Friday evening of this week, April 23rd at eight o'clock. This organization did excellent work last year in improving the roads leading into the city, but this year it is expected still better and more effective work will be accomplished. Everybody interested in the condition of the highways, both residents of the city and rural community, are urged to attend this meeting.

## I.O.O.F. Anniversary

The ninety-sixth anniversary of the founding of Oddfellows on the continent will be commemorated by Wetaskiwin Lodge No. 8 on Sunday afternoon, April 25. The brothers are requested to meet in the lodge room at 3:30 sharp, from which they will march to Emmanuel church, where service will be conducted by Rev. J. H. Sheppard at 3:30. Special music is being prepared by a selected choir under the leadership of E. R. Jenkins. All Oddfellows in the city and district are cordially invited to join in the celebration, and the general public is invited to attend the service in the church.

## Night School Closed

The adult school classes for English speaking people which were organized under the auspices of the W.C.T.U. by Miss Nelly Foreman, Dominion organizer, were closed for season on Thursday evening, April 15.

These classes have been a decided success, and have demonstrated the fact that such a work is well worth that it can be done. The attendance showed an average of 18 out of 22, and very rapid work was done by all students. The interest taken by students and teachers was very encouraging to all interested, and it was with a feeling of regret by all that the classes were closed.

It is hoped that the school will be re-opened in the fall, as it is in other cities, under the control of the school board.

The W.C.T.U. wish to thank the school board for their courtesy and help in enabling them to make this demonstration, and also to thank the teachers for giving their time and enthusiastic support.

## Women's Institute For Wetaskiwin

At three o'clock on Tuesday afternoon, May 11, a meeting will be held in the City Hall, Wetaskiwin for the purpose of organizing a branch of the Women's Institute of Alberta. All ladies interested, whether residing in town or in the surrounding country districts, are earnestly requested to be present.

For the benefit of those who have not had an opportunity to become familiar with the real meaning of these Institutes, we may say that they are being much appreciated throughout the province, having as their objects:

a. The consideration and simplifying of all the problems pertaining to the home, the betterment of home conditions, the increase of general health and efficiency, and the study of home economics, including house architecture, sanitation, hygiene, scientific nutrition, the care and training of children, and the knowledge of values (relative and absolute) of household materials.

b. Mutual helpfulness and social intercourse as it affects the life of a woman on the farm, or in the town. In brief, a conscious effort is being made to promote the best ideals of home and the best standards of community life.

As the Institutes are strictly non-sectarian and non-partisan, and as their object is one which must immediately enlist the sympathies of every thinking woman, they will have a broad scope. Everyone who becomes a member may look forward not only to being assisted, but also the privilege of contributing something for the help of others.

## Enos Bacon Talks on War

A lecture of thrilling interest dealing with the war, was given at the church on Friday evening by Enos Bacon, of the Canadian National Red Cross, who has been laid up with inflammatory rheumatism. It was a most interesting and instructive lecture, and was well received by the audience. A representative gathering of the residents of the city were present, and listened with rapt attention to the lecturer, who has a first-hand knowledge of the battle fields of the Great War.

After a most enjoyable introductory program of songs and recitations, which demonstrated his great versatility as an entertainer, Mr. Bacon, who was present and witnessed the retreat, commenced his lecture on the war.

Mr. Bacon expressed his great admiration for the British Tommy. He gave numerous interesting illustrations of his front-line experiences, and coolness under fire, and said he never knew the British to be chased out of a trench.

In addition, he British, from their experience in the South African campaign, knew how to dig trenches. "Put a mine in front of one, and the mine didn't make a difference, in the trenches, and in three minutes it will be out of sight for good."

Capt. Chatterton and Lieut. Snell, who have been charged of the Wetaskiwin Corps of the Salvation Army for some time, have been transferred to Edmonton, and departed for their new field of labors a few days ago. They are succeeded by Capt. Freeman and Lieut. Sampson, who come from Red Deer.

## Another Letter From The Front

Harry Wells, who is now in the trenches in France, writes very tentatively to a friend. We have taken a few excerpts from the letter, believing they will be read with interest by the many friends in the city and district.

3rd Battalion,  
Infantry Division Depot,  
Shorncliffe, Kent,  
1st Canadian Contingent,  
April 2, 1915.

Dear —  
Received your letter last night and was awfully glad to hear from one of my old friends, and to get so much news from home. I was an off for France at last. We move some time between now and the 5th.

I expect to be at the base there for a short time, and am looking forward to the change with some expectancy. We are in some place now, Shorncliffe, Folkestone and Hythe are practically all one big city of 300,000 and talk about pretty sights. The cities are built on high cliffs overlooking the sea, and the natural beauty is beyond me to explain. There are walks up the side of the cliff completely covered with trees and foliage of all kinds. I wish you could see it.

I am more optimistic than ever. I feel quite confident of seeing you again, and in Wetaskiwin, too. Of course a fellow must admit that the chances of getting it in the neck are pretty large, but that side of it doesn't seem to think about that side of it at all.

We had a good time last night. It was "God Friday" and consequently a holiday. Peckford, two other fellows and myself went up town, and after looking around entered a swell French restaurant and enjoyed an up-to-date meal.

Who do you suppose I met yesterday on the street in officer's uniform — McElroy, formerly in the Imperial Bank in Wetaskiwin. He is with the second contingent, and is looking very thin and about five years older.

Frank Miller, who has been laid up with inflammatory rheumatism, is still waiting for his discharge. He seems to be enjoying himself, and has nothing else to do. I am learning to roller skate, and I am learning to roller skate, and I am learning to roller skate, and I am learning to roller skate.

Thank for Christmas presents. There was no name on the parcel, and I did not know who sent them. I am learning to roller skate, and I am learning to roller skate, and I am learning to roller skate, and I am learning to roller skate.

Yours,  
Harry Wells.

## Hogs from Wetaskiwin Win Prizes

Among the exhibitors at the Edmonton Spring Fair held in Edmonton last week was J. W. Bailey of this city, who placed a number of hogs from his place in the competition. As was to be expected he made a "clean-up" by winning in every event he entered. The following are the prizes he was awarded:

Boar over one year—1st, J. W. Bailey, Wetaskiwin, Alberta.  
Boar under one year—1st, 2nd and 3rd, J. W. Bailey.

Sow over one year—1st, J. W. Bailey.  
Sow under one year—1st and 2nd, J. W. Bailey.  
Boar and sow championships—J. W. Bailey.

W. J. Hooper of Bittern Lake also won a number of prizes with his Hampshire, as follows:  
Boar over one year—1st, 2nd and 3rd, W. J. Hooper, Bittern Lake.

Boar under one year—1st, 2nd and 3rd, W. J. Hooper.  
Sow over one year—1st and 2nd, W. J. Hooper.  
Sow under one year—1st and 2nd, W. J. Hooper.  
Boar championship—W. J. Hooper.  
Sow Championship—W. J. Hooper.

## FOOTBALL CLUB RE-ORGANIZED

At a meeting of the football enthusiasts held in the city hall on Tuesday evening, the Wetaskiwin Football Club was re-organized for the season with the following officers: Hon. Pres.—H. J. Montgomery, M.P.P.

Pres.—Donald McCallum.  
Sec. Treas.—Alex Kerr.  
Captain—Andrew Campbell.  
Vice Captain—Bob Mason.

As there are a number of players in the city it is expected that Wetaskiwin will be able to put a strong team on the field this year. An effort will be made to have a game played here on Victoria Day.

## The Omega Oil Company Limited

It will be good news to the people of Wetaskiwin and district to know that this community is to be exploited for oil, and that operations are to be commenced as arrangements can be completed. The Omega Oil Company, Limited, of which Wm. W. Watskiwin, Alberta, is president, and C. D. Smith, secretary, and F. E. Kiley, George H. Byles and E. J. Donnelly are directors, will place their first issue of stock on the market on Saturday of this week, and from the number of enquiries received it is expected that the shares will sell very rapidly.

The company has 344 acres of land, one section of which is in the vicinity of Watskiwin, the balance being at the south end of Pigeon Lake. A competent oil expert has located the oil for the first well on section 24-26-30, and it is the intention of the board of directors to put this well into operation as soon as possible.

Competent oil experts have made a thorough investigation of all the different districts, and have expressed the opinion that the country around Pigeon Lake is one of the most promising fields in the province. The geological formations of the area, and extensive asphalt deposits, all point to the probability of there being oil in commercial quantities. There is no doubt as to the discovery of a commercial oil field here would mean to Watskiwin and the surrounding district.

If you are interested in the development of this community, ascertain what the Omega Oil Company Limited has to offer. It may pay you well. See Advt.

## Public School Board Meeting

The regular meeting of the board of trustees was held on April 18th, at 8 o'clock, in the school building. The minutes of the last meeting were read and approved.

Principal Crosby reported re room for the school. The board of trustees was informed that the school building was in need of repairs, and that the board of trustees was to be called on to provide for the same.

The board of trustees was also informed that the school building was in need of repairs, and that the board of trustees was to be called on to provide for the same. The board of trustees was also informed that the school building was in need of repairs, and that the board of trustees was to be called on to provide for the same.

Several accounts are read and ordered paid. The board of trustees was also informed that the school building was in need of repairs, and that the board of trustees was to be called on to provide for the same.

The board of trustees was also informed that the school building was in need of repairs, and that the board of trustees was to be called on to provide for the same. The board of trustees was also informed that the school building was in need of repairs, and that the board of trustees was to be called on to provide for the same.

## WETASKIWIN STUDENT BRINGS HOME HONORS

Mr. Ralph E. Schmitz has returned to the city after having completed his course and secured his diploma at McTavish Institute College, Edmonton.

Considering the amount of work required to graduate at this school Mr. Schmitz has been unusually successful. It took him an average student very busy for six months to finish this work.

Mr. Schmitz was just a few days over three months and judging by his records showing his standing in the different subjects he has done his work well as he grades close to 100 per cent. His course included all the various lines of accounting, besides business law, commercial arithmetic, penmanship, rapid calculation, spelling and business correspondence, and he speaks very highly of the thoroughness of the training and the facilities afforded at McTavish Institute College for securing a first-class business education.

## ALBERTA GAZETTE

APPOINTMENTS

The current issue of the Alberta Gazette contains the following information: Law Hutchinson, of Duhamel, is appointed a member of the Board of Agricultural Education.

Notary Public, Anthony S. Roser, Wetaskiwin.  
Commissioners for taking affidavits—Hugh J. Montgomery, Wetaskiwin; Roderick P. Murphy, Wetaskiwin; William O. McLean, Wetaskiwin; and Ulysses G. Stowell, Wetaskiwin.

Sheriff's Bailiff, Joseph D. Cowan, Wetaskiwin.  
Official Assignee—Frances G. Farley, Camrose, for the Judicial District of Wetaskiwin.

Stock Inspector—R. Swenerton, of New Norway.

## Women's Relief Corps

The monthly business meeting of the Women's Relief Corps will be held in their rooms, on Wednesday afternoon, April 28th, at four o'clock. All attendances are requested.

The third dance and party will be given by the Women's Relief Corps in the Angus Hall on Friday, April 23rd, at 8 p.m. sharp. Cards will be sent to the members of the Corps commended themselves to the aesthetic and the practical. Ladies E. Kiley, George H. Byles and E. J. Donnelly are directors, will place their first issue of stock on the market on Saturday of this week, and from the number of enquiries received it is expected that the shares will sell very rapidly.

The company has 344 acres of land, one section of which is in the vicinity of Watskiwin, the balance being at the south end of Pigeon Lake. A competent oil expert has located the oil for the first well on section 24-26-30, and it is the intention of the board of directors to put this well into operation as soon as possible.

Competent oil experts have made a thorough investigation of all the different districts, and have expressed the opinion that the country around Pigeon Lake is one of the most promising fields in the province. The geological formations of the area, and extensive asphalt deposits, all point to the probability of there being oil in commercial quantities. There is no doubt as to the discovery of a commercial oil field here would mean to Watskiwin and the surrounding district.

## Town Topics

Mr. B. Hall, of Welling, Ont., arrived in the city a few days ago on an official visit with his son, T. F. Hall, of the East Side Drug Store.

Robt. Miller, who has been in Saskatchewan for some time, has returned to the city with his family, and has taken up his residence on Stanley street west.

Miss Jennie Johnson, who has been spending the last five months with Mr. and Mrs. Johnson, the former's sister, left for her home in Winnipeg on Friday last.

The auxiliary of Emmanuel church will hold a tea and food sale on Saturday, April 24th, in the Parson's Hall (beside the church) from 3.30 to 6 o'clock.

R. B. Welcher, president of the Red Deer board of trade, had received word from the freight rate commission that jobbers rates have been reduced to Red Deer.

Mr. and Mrs. John A. Kerr, of Ponoka, spent the week-end in the city renewing acquaintances. Mr. Kerr returned Monday morning, while Mrs. Kerr is spending the week in the city.

Several members of the I.O.O.F. rode to Millet on Friday evening last to attend a lodge meeting. The occasion was the official visitation of the Grand Master, and the exemplification of degrees by Lodge lodge.

A number of Wetaskiwin residents attended the Edmonton Spring Horse Show last week, and were well pleased with the attractive program provided.

The fire brigade responded to three calls during the past week, and owing to the quick work of the boys no damage was done in any case. The first alarm came on Friday evening, owing to burning grass near the curling rink creeping up to the building. The next call came on Saturday, when a couple of empty houses in the southern portion of the city were threatened by burning grass. On Tuesday, as R. R. Thompson was mowing, he was warned on Stanley Street, the fire got beyond his control. No place in western Canada has better fire protection than this city.

There passed away at the home of Mr. Wallace Ward at Scottsdale on Thursday last week, Miss Maggie Laus, at the age of twenty-two years. She has resided with her brother for some time. Ulceration of the ear is given as the immediate cause of the demise. The remains were laid away in the Wetaskiwin cemetery on Saturday, service being conducted by Rev. M. L. Wright. We join in extending the deepest sympathy to the sorrowing friends.

The weather of the past week has been quite unusual. Very strong winds were blowing for three days, but on Tuesday night this subsided and several inches of snow fell. In the morning the sun was shining, but than at any time during the winter, and the municipal snow plow was brought into use to clear the sidewalks of the snow which is now in this district this fall of snow all insured a good crop.

Geo. L. Gohard made a business trip to the Capital this week. We understand somebody secured 50 tickets for the Apollo Choir concert and sold them at advanced price for the benefit of the Watskiwin. It was gratifying to the Apollo Choir that such a thing was possible, that there was such a demand for seats, yet the association did not wish to make it known that this was done without their knowledge and contrary to the declared policy of the choir. Had the executive known in time, the sale of these 50 tickets would have been cancelled and the tickets put on sale again at the regular price.

Our musical party was good music at popular prices, and though the choir was under heavy expenses for this concert, yet it is desired to adhere to that principle here also.

## Town Topics

Mrs. C. E. Pelling, of Wetaskiwin, is visiting with her brother, J. P. Pelling—Ponoka Herald.

Joseph Hernden left on Thursday morning for Montreal, Alberta, where he expects to spend the summer.

On account of the heating apparatus being out of commission, the Alexandra dance was closed on Wednesday.

R. N. Hanson, of Wynne, leaves this week on an extended visit to Moore, Idaho, and other points in the States.

Lorne Cutler, of the office of Odell & Russell, is in Edmonton this week writing on his first year's law examinations.

Mrs. Austin and daughter, of Calgary are spending a few days at the home of her sister, Mrs. Dr. Stevenson, and other friends.

A little care to cool the cream in these days of time well invested. At these days time well invested. At these days time well invested. At these days time well invested.

There was a rumor in town on Monday morning that one of the business places in the city had been broken into during the night. Investigation proved that there was no ground for the rumor, as no theft had been committed.

All undelivered letters posted with out having the new year stamp attached thereon must be sent to the dead letter office. You can avoid this unnecessary delay by having your name and address printed on the envelope and you can get the printing done quickly at The Times office.

The treasurer of the local association of the Canadian Patriotic Fund, Belgian Relief Fund, submits the following figures of the amount raised in the Wetaskiwin district in connection with the above funds up to April 14, 1915—Remitted to headquarters for Canadian Patriotic Fund, \$170.47; Belgian Relief Fund, \$72.25; total, \$242.72.

The Wetaskiwin High School basketball team went to Camrose on Saturday last to play a friendly game with the Normal school team, and succeeded in coming off victorious. The score was 11 to 8. When the Normal girls were here a short time ago, the local girls were defeated by a small margin. After the match a farewell social was given by the Literary Society in the assembly hall of the school for Normal students, members of the staff, and the Wetaskiwin visitors. It is expected that a return match will be played here shortly.

The rolling stone gathers no moss. It is also true that the rolling stone gathers no moss. It is also true that the rolling stone gathers no moss. It is also true that the rolling stone gathers no moss.

Mr. and Mrs. J. F. Richards went to Calgary on Wednesday morning to attend the funeral of the late Miss Griffiths, aged eighteen years, who was accidentally killed by an automobile on Monday evening, driven by Miss Earle, who was at once taken to the hospital and died on Saturday morning.

Miss Griffiths, who was a daughter of the late Mr. Griffiths, was driving alone in the car, going east on fourteenth avenue, and turned north on second street, and was killed by the car.

The two young women started to cross the street to the west. They appeared not to think that the motor car was going to turn north on second street east, but seemed to think it was going straight ahead east on fourteenth avenue.

At the moment the car turned they separated and the car went between them. Miss Griffiths stepping to the right and Miss Earle turning the car in the same direction to avoid running down the girls. Miss Griffiths was knocked down and the car passed over her head and body, fracturing her skull and causing internal injuries that resulted in her death a few hours later.

GIRL WANTED—IMMEDIATELY. A good girl for general housework. Highest wages paid. Apply to J. A. Wetaskiwin.

## ARE YOU INTERESTED IN OPTICS?

We have been asking you to depend upon us for your Optical wants.

Many (a great many) have responded to our appeals and our increasing trade in this line is evidence of satisfied patrons.

We strengthen weak eyes, remove headaches, relieve the results of strained and over-worked eyes.

## French & Thomas Limited Graduate Opticians

GIRL WANTED—AT ONCE, GOOD general servant for family of three. Apply to the Times office. 5-14.

GIRL WANTED—AT ONCE, GIRL for general housework, no washing or ironing; apply to Mrs. J. W. Heric, Lorne St., Wetaskiwin. 5-14.

SEED POTATOES FOR SALE—A few very early, dry-cooking potatoes. For information apply to J. W. Bailey, Phone 1003, Wetaskiwin. 5-14.

STRAYED FROM WEST OF MILLET, Roan mare, branded on shoulder; black brown yearling colt and grey gelding, "Beward." Phone 1, 5-14.

## NOTICE

The first annual meeting of the Wetaskiwin Oil & Gas Company, Limited, will be held at 115 Ninth Avenue East, Calgary, on Saturday, May 15th, at One o'clock sharp for the purpose of transacting general business.

JOHN ZIMMER, Sec. Treas. Wetaskiwin.

## NOTICE TO CREDITORS AND CLAIMANTS

NOTICE is hereby given that all persons having claims upon the estate of the late Alanson C. Bean, who died on or about the 24th day of May, A.D. 1914, are required to send to the National Trust Company Limited, of the City of Edmonton, in the Province of Alberta, on or before the twenty-fourth day of June A.D. 1915, a full statement of their claim and of any securities held by them, duly verified, and that after that date the Administrator will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims which have been filed with the National Trust Company, Limited, or of which it shall then have notice.

DATED at Edmonton this 13th day of April, A.D. 1915.

GRIFFBACH, O'CONNOR & COMPANY, Solicitors for the Administrator.

ARBOR DAY SHOULD BE GEN-  
ALLY OBSERVED

Arbor Day is not observed in Can-  
ada to the extent which its impor-  
tance warrants.

The people of Canada must ever  
keep in mind their dependence upon  
their forests. With large areas avail-  
able only for forestry purposes, it is  
essential that the values of trees and  
their protection should be thor-  
oughly impressed upon Canadians.

While Arbor Day is observed in the  
rural schools, and in some city  
schools, its recognition by the gen-  
eral public is not as general as it  
should be.

In the province of Alberta, Arbor  
Day is a public holiday. It is gen-  
erally observed by the towns and  
school districts for the planting of  
trees and flowers. More general rec-  
ognition should be given to Arbor  
Day, and the planting and protec-  
tion of shade trees, the preparation of  
flower and vegetable gardens, and the  
thorough cleaning up of homes.  
No one who has been to the provin-  
ce as a special duty for the day, Al-  
berta is in need of trees, and every  
encouragement should be given to  
their increase.

Arbor Day has its justification in  
the value of trees, from whatever  
point of view they may be consid-  
ered. Nothing contributes so much to  
make the home a pleasant place as  
trees. The true home feeling is not  
satisfied without the presence of the  
trees, with their shelter and shade,  
their beauty of form and leaf, their  
blossom and fruit, their variegated  
shades, with the passing of the  
seasons, and their fullness of col-  
or in the autumn days. They also  
afford homes and shelter for our  
feathered friends—the birds—during  
their annual visits to us.

There is nothing which will add  
beauty and value to a home or the  
schoolhouse more than the presence  
of trees; there is likewise nothing  
which adds to the comfort of the res-  
ident than shade trees on the  
roadside. The way may be long and  
dusty, but under the cool shade of  
the trees relief is found.

It is to be hoped, therefore, that  
the celebration of Arbor Day will be  
more general; that the planting  
and care of trees and shrubs a-  
round school houses, homes, public  
places and by roadsides may have  
the effect of developing keener ap-  
preciation of the value and beauty  
of trees, and that the planting of  
the field of Arbor Day activities,  
greater interest may be created in  
the protection of our Canadian for-  
ests from the reckless destruction of  
fire and the axe with which they are  
threatened.

BRITISH SINK

TURKISH TORPEDO  
BOAT IN AGRAN

London, April 18.—The British Ad-  
miralty, in a statement issued Sat-  
urday night, announced that a Tur-  
kish torpedo boat had been sunk in  
the Aegean Sea.

The text of the Admiralty state-  
ment was as follows:

"The transport Maniot, carrying  
British troops, was attacked by a  
Turkish torpedo boat in the Aegean  
Sea on Saturday morning.

The Turkish boat fired three tor-  
pedoes at the transport, all of which  
missed their mark. The torpedo boat  
then made off, but was chased by  
the British destroyer, and British  
torpedo boat destroyers, and was  
finally run aground and destroyed  
on the coast of Chios, in Kala-  
marati Bay. The names of the crew  
of the Turkish warship were  
made prisoners.

"It is reported that about 100 men  
on board the transport lost their  
lives through drowning."

SELECTED.

Plant blessings, blessings will bloom  
Plant hate and hate will grow;  
You can sow today, tomorrow will  
bring.

The blossom that proves what sort  
of thing  
is the seed, the seed that you sow.

If You Wish to Be Well You  
Must Keep the Bowels Regular.

If the bowels do not move regularly  
they will, sooner or later, become con-  
stipated, and constipation is productive  
of more ill health than almost any other  
trouble.

The sole cause of constipation is an  
inactive liver, and the liver is kept  
active by my rest assured that  
headaches, jaundice, heartburn, flatu-  
lence, itching of the skin, a feeling  
as if you were going to faint, or a taste  
of the stomach will follow the wrong action  
of this, one of the most important organs  
of the body.

Keep the liver active and working  
properly by the use of Milburn's Lax-  
ative Pills.

## SOBER DOCTORS

To the Editor:

Sir Victor Horsely says "All doc-  
tors should be teetotalers, for al-  
cohol in any dose, however small, is a  
narcotic poison and the only way to  
securely benefit by increased efficiency  
of medical service if all medical men  
were total abstainers just as the pub-  
lic would enjoy a notably freedom  
from accidents if taxi-drivers and  
motorists of all sorts and conditions  
were teetotalers. As regards the  
custom which still lingers, oddly en-  
ough, of using alcohol as a drug,  
there is no question that no doctor  
should use the products of the li-  
cense business or speak of them as  
though they were tonics for they are  
not. Innumerable victims have not  
unjustly attributed their fatal mis-  
fortune to advice given by a doctor.

If alcohol is to be used as a drug  
it ought to be employed like other  
narcotic drugs, namely in measured  
quantities and for a limited period  
only. But to doctor can or should  
be restricted in any way in his choice  
of a remedy?

No one who has closely investi-  
gated the action of alcohol in recent  
years, prescribes alcohol. It is rap-  
idly disappearing from both hospital  
and private practice. This great ad-  
vance in medical work is the out-  
come of our better recognition, not  
only of its invariably adverse ef-  
fects, but also of the unreasonable-  
ness of using a very bad drug when  
there are so many infinitely better  
drugs at hand. When to the scienti-  
fic position we add the immense les-  
sons caused to the nation by this drug  
everyone will feel relief when it is  
abolished by civilization."

H. Arnott, M.B., M.C.P.S.

## THE FLY NUISANCE.

The common house fly, notwith-  
standing the campaigns of destruc-  
tion which have been waged against  
it, is still one of the most danger-  
ous pests with which civilization is  
afflicted. Due entirely to conditions  
which have been created and main-  
tained by the people themselves, the  
house fly continues to exist and mul-  
tiply.

Persistent effort is the only insur-  
ance against the house fly. Its rap-  
id propagation renders any internecine  
campaign nugatory. The fly  
must be attacked first in its breed-  
ing place, which is that of stable  
manure or filth. It requires a pe-  
riod of about ten days for a fly to  
hatch, and become full grown. From  
its breeding places they seek to  
food supplies into homes, dairies  
and shops, carrying with them ty-  
phoid, dysentery and other disease  
germs.

It is not too early to take precau-  
tions against the annual attacks of  
the house fly pest. With the melt-  
ing snow and ice, manure mounds  
should be removed and the surround-  
ings disinfected. During the summer  
months of summer daily it  
should be kept in a closed bin or  
other receptacle, impervious to flies.  
Manure should be cleaned up, and  
kept free from wet and rotting mat-  
ter which harbours flies. Garbage  
cans should be cleaned out thor-  
oughly with one of a mixture  
of milk and water. Pour into a  
shallow dish with a piece of bread  
in the centre for the flies to breed  
in. This may be placed at the back  
of residences, or in or about dairies  
or barns, wherever flies gather.

Or a soap plate may be filled with  
damp sand. Cover with a disk of  
blotting paper and sprinkle over it  
a mixture of one part of formalin  
to twenty parts of water.

The object to be aimed at is, how-  
ever, the destruction of the house  
fly, and any means to accomplish  
this will be justified.

MAN CHOOSES

## Alberta Men of Affairs

HONORABLE CHARLES W. CROSS  
Attorney-General, Province of Alberta

## A RED CROSS APPEAL

TO THE FARMERS

Our country, with its allies is wa-  
ging a great war to justice for the  
enjoyment of millions in the  
employment of the rights, for con-  
tinued and growth freedom, and for  
the maintenance of a pledged word  
of honor. Much freedom and de-  
struction is being used. Lives are  
being lost by the thousands. Can-  
ada's first contingent is now in the  
thick of it. Some of our fall sick; ma-  
ny will be wounded; some will pay  
the last full measure of devotion to  
their country.

The Red Cross is a society to  
succor the sick and wounded in war.  
It needs more money to provide beds  
at hospitals in Great Britain and  
France; it needs money to pay more  
Red Cross nurses; it needs more  
money, and more things made  
by women, to apply to clearing hos-  
pitals, base hospitals, and recovering  
hospitals.

I appeal to farmers to send me  
some from \$1 to \$50, during the first  
week in May. Every \$1 provides an  
additional hospital bed, while a \$50  
gives a name over it, by sending me  
about \$1000, you will serve your  
country well, bring credit to your-  
self, and make us all very proud  
of you. For the sake of the wound-  
ed boys, make it substantial.  
It will be an investment towards the  
recovery of some soldier and other  
who stood in our aid and that our  
cause might be upheld.

Faithfully yours,  
Jas. A. Macdonald,  
Chairman Red Cross Society,  
Toronto, Ont.

LIME IN AGRICULTURE

Can of this principle functions of  
the chemical division of the Provin-  
cial experimental farms is to at-  
tempt the solution of problems con-  
nected with the maintenance and up-  
building of soil fertility.

Among the many valuable results  
so far obtained in these investigations  
this is the final paper played by lime  
in the increase of soil's producti-  
veness.

The subject is treated in an inter-  
esting and practical way in Bulletin  
No. 30 of the Experimental Farms  
regular series, by the Dominion  
chemist, Dr. H. H. Allen, and the  
discussion is under the following  
heads:

The nature of lime and limestone:  
The agricultural functions of lime  
and its compounds.  
Comparative values of lime com-  
pounds.

The use and misuse of lime.  
Those interested may obtain a  
copy of this bulletin by applying to  
the Publications Branch, Department  
of Agriculture, Ottawa.

Joseph Wheeler, a prominent poultry  
raiser, of Cheshire, Connecticut,  
recently announced to the Rhode  
Island Red blood, a chicken  
perfectly formed except that it had  
four legs. All went well for nearly  
a week. Then it was discovered that  
the two sets of legs were arranged  
or locomotion in opposite directions.  
The result was that the chicken could  
not stand. People from all over the  
country came to see it, and in  
death it was turned over to a  
taxidermist.

## THE DEAR OLD DAYS.

Give me back the dear old days,  
All the kids in line,  
"Boy stood on the barn," deck,  
And "Bingen on the Rhine."  
"The Turk was in his guarded tent,"  
We spoke it high and low,  
While Mary traisted out that lamb  
"Whose fleece was white as snow."

Give me back the good old days,  
That memory loves to keep,  
Then "Pilot," 'tis a fearful night—  
"There's danger on the deep."  
The old-time awkward gestures—  
The jerk meant for a bow.  
Aid "Caveat, small now rise; tonight  
But Lord, it's ringing now."

Give me back the dear old days—  
The pathway through the dells  
To the school house in the blossoms  
The sound of far off bells.  
Tinkling across the meadows,  
The song of rippling brook,  
The old-time Dictionary  
And the blue back spellin' book

Gone like a dream for ever,  
A day hides the place,  
Where stood the old log schoolhouse  
And no familiar face,  
Is smitten there in welcome—  
Beneath a morning sky,  
There's a bridge across the river  
And I've crossed and said Good-  
bye!

CANADIAN ORDER

# DON'T RUN AWAY

with the idea that the oil business is played out. On the contrary, the work of serious development is only commencing, and with the two recent strikes reported in the Southern field, prospects never looked brighter for the future of the oil industry in Alberta.

Competent oil experts who have made a thorough investigation of all the different districts have expressed the opinion that the country around Pigeon Lake is one of the most promising fields in the Province. The geological formations, oil seepages and extensive asphalt deposits, all point to the probability of there being oil in commercial quantities. There is no doubt as to what the discovery of a commercial oil field here will mean to Wetaskiwin and the surrounding district, and the only way to find out whether the oil is there or not is to put down a drill.

## THE OMEGA OIL COMPANY, LTD.

OF WETASKIWIN, ALBERTA

Wm. A. HOWARD, President

C. D. SMITH, Secretary-Treasurer

AUTHORIZED CAPITAL \$500,000.00

has been organized with a view to prospecting the Wetaskiwin field.

The Company has 1440 acres of leaseholds, 640 acres of which are in the vicinity of Wetaskiwin, the balance of the holdings being at the south end of Pigeon Lake. A competent oil expert has located the site for our first well on Section 2, Township 46, Range 28, West 4th Meridian, 28 miles west of Wetaskiwin, and it is the intention of the Board of Directors to put down this well just as soon as there is sufficient money in the treasury to commence operations.

THE FIRST ISSUE OF STOCK WILL BE PLACED ON THE MARKET ON

### SATURDAY, APRIL 24th, 1915

AT 25c PER SHARE, PAR VALUE

(MINIMUM SUBSCRIPTION TEN SHARES)

### Do You Want To Take a Chance

on making some money for yourself and at the same time furthering the development and prosperity of the Wetaskiwin District?

### NOW IS YOUR OPPORTUNITY

Every dollar that you invest in shares of the "Omega Oil Company, Limited" will be used for legitimate expenses, equipment and the actual cost of drilling operations. Not one dollar goes into the pockets of the promoters. All promotion stock will be held in escrow by the Imperial Bank of Canada, Wetaskiwin, and cannot be sold until the entire first issue of treasury stock has been disposed of and there is sufficient money in the treasury to commence drilling operations.

### We Are Out To Give the Public a Square Deal

We are not operating a stock selling scheme. We are after the oil, and if oil is found in our well, every stockholder in the Company will reap his share of the profits. And whether we are successful or not, every purchaser of shares may be assured of a return for his money.

Our Prospectus may be seen, and shares will be on sale as announced above at

**9 A. M. ON SATURDAY, APRIL 24th, 1915**

at the following offices:

**F. E. KELLEY & CO.**

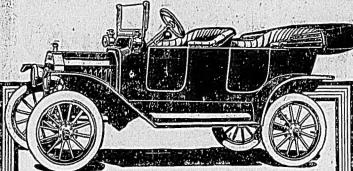

Commonwealth Block, Pearce St.

**TAJE & ASP**

Railway St. East

**C. D. SMITH**

Dr. Block, Pearce St.

"MADE IN CANADA"

## Ford Touring Car Price \$590

No advance in the price of the "Made in Canada" Ford will be made because of the additional 7 1/2 p.c. Wa. Tariff. We as loyal Canadians will gladly absorb whatever increased duty we are forced to pay on such raw materials as cannot be obtained at home. The Ford is manufactured in Canada—not assembled in Canada.

The Ford Runabout is \$540; the Town car \$840; the Complete 1915 the Sedan \$1190—fully equipped, i.e., Ford, nt. Ford buyers will share in our profits if we sell 30,000 cars between August 1, 1914, and August 1, 1915.

## MAGIC READ THE BAKING LABEL NO ALUM POWDER

WHAT IS YOUR DUTY?

Canadians eat too much meat. They are one of the three greatest meat-eating nations in the world, Australia and the United States being the other two. High prices for meat are coming. The cost of food as well as its nutritive value should be considered.

Prof. James Long, the eminent British authority, recently addressed the following advice to the war of food:

"I am here and a half times the energy value of butter. Its value lies in the richness of sugar-of which one-half its weight consists. In the minerals present it is the stems of fruits, in its laxative character and its mechanical aid to digestion. The sugar of fruit has a remarkable effect on nutrition. Commercial sugar, if eaten too freely, causes irritation, acidity and other forms of indigestion."

"The most nutritious and useful varieties of jam are those made from plum, apricot, gooseberry and currant, but a mixture of plum and apple leads the list. Jam should not be considered as a dainty but as an article of food."

Dr. Frank T. Shutt, of Ottawa, Dominion Chemist, gives us the following authoritative statement as to the great importance of vegetables, especially fresh or home-grown. The importance in connection with small gardens in towns and cities is very apparent, and the subject is of importance at this time of the year. It may be that a small garden will keep down the doctor's bill.

"That many of the ill that flesh is heir to arise from indiscretions in diet is a fact that more of us should realize—and the same is true of the better. Many of us, and perhaps this applies especially to those who live in the city, eat too much. As a result, we get too stout. Life advances and, what is still more serious, an extraordinary strain is put on certain of the organs of the system in nature's effort to get rid of the waste. Further, we who live more or less sedentary lives, eat too much meat; the man who sits at his desk all day long or stands behind a counter may work as hard as a navy or policeman, but it is a different kind of work. It does not call for the same amount of strong food. There is no necessity to diet ourselves by formula or to weigh out what we should eat, but we ought to be guided to a certain extent in our eating by common sense and the knowledge which science furnishes respecting the requirements of the body for the maintenance of the vital heat, the development of energy and the repair of tissue."

"As city people we might keep in better health and live more cheaply if we would eat less meat and concentrated foods and use more vegetables and fruit. And this advice might be especially emphasized for the summer diet, when there is the same call for the system for the stronger foods."

"Fresh vegetables are wholesome, palatable and productive of good health. Though in direct food value vegetables yield a far less place to meats, it must not be supposed they are destitute of those nutrients which build up the body tissues and keep the machinery going. It would be possible, though not desirable, to live exclusively on vegetable foods. But vegetables and especially fresh

vegetables, are not to be regarded merely from the standpoint of main-tenance—though we assert that now a days they would make a very good showing on the ground of economy. Nor need we urge their extensive use on any grounds simply that they are appetizing and furnish variety to the diet. They, in addition to these excellent qualities, possess a medicinal value; they aid in digestion and afford that bulk of volume to the food necessary for the right distension of the alimentary tract. Many vegetables contain salts which are greatly laxative, relieving constipation, that scourge which is the forerunner of so many dangerous and not frequently fatal, diseases. And, again, many vegetables, especially those used in salads, have a special value in cooling the blood and, are, therefore, most wholesome, especially in the summer season."

"Fresh vegetables are vastly superior to those that are wilted from leaching a day or two, in medicinal crispness and palatability. To be enjoyed at their best, vegetables must be eaten, strictly fresh."

## RAILWAY CONSTRUCTION

PROGRAM NORTH OF EDMONTON THIS YEAR

Completion of main line of the Edmonton, Dunvegan and British Columbia railway to mile 357, or seven miles west of the Spirit river settlement, which is southwest of Dunvegan. This is seven miles over and above the present provision, guarantee of 350 miles. The head of steel is now at the Big Smoky River, at mile 290.

Location of the Grand Prairie branch of the E. D. & B.C., a distance of sixty miles. This line will leave the E. D. & B.C. in the neighborhood of Spirit River settlement, and will proceed by the best available route to Grande Prairie City. Some grading will likely be done before the end of the year, with the steel reaching Grande Prairie by next spring.

Completion of the Central Canada branch of the E. D. & B.C. to the Peace River Crossing. Twenty-one miles of steel are already laid. The work on the remaining twenty-nine miles, for which the company is receiving a loan from the provincial government so that the work can be proceeded with without delay, is now some colonial engineering difficulties.

Completion of grading on the Alberta to Great Watayway for McMurtry, and the partial laying of steel, which is expected to reach Port McMurtry by March 31st. The head of steel is now at mile 235, or twenty-one miles north of Lac la Biche. The total distance to Port McMurtry is about three hundred miles.

The above progress is in connection with what are now known as the McArthur railways. In addition there will doubtless be the work on the Oliver-St. Paul de Metis railway which Sir William Mackenzie has promised to rush at the earliest opportunity, and the guarantee on which was increased at the recent session of the legislative assembly from \$13,000 to \$18,000 per mile. Further work on the Onoway-Peace River line is also expected to figure in the C. N.R. program this year.

## DER KAISER WILL LICK THE WORLD

Der Kaiser call the Crown Prinz in Und say to him mein Sohn. I link we go and lick der world Der gifts us lots of fun.

Der Crown Prinz say "Perhaps we can't."

"Der Kaiser schlipper der table."

Und say "Will you lick der world, mein Gott, I mean now, I am able."

"Der Frenchman, 'vat is him to us, I crush him mit mein kump."

In yoh, und wack in Paris streets, You hear mein deuthers drum.

In fift of trategie I vill show der Belgians vat I mean.

I am yout like Teddy Roosevelt, Mein vord ain't vort at thing.

I come right back from Paris quick Und tackle him der Gaur, I bet he says right suddenly, Vot fighting man you are.

Und little 'George of England too, I turn him on mein knee, Und speak him so he cries out loud Ouck, Kaiser, pardon me.

I take vom him his fighting slip Und turn dem into yunk, I make him die his bag to mein, Ven all his ships is sunk.

Und if der Yankees gives me sass, I go rito oder, Und Iar dot mighty country op I vill, by Gott, I seavver.

Der yellow Yaps vot talks so big, Me yit does follows hit, Und us den den der planet Mars On top of dem it hit.

Vut you don't know no yet mein, so You never seen me fight, Be den it de Almighty ding, In vot I take delight.

Und den der world vill say "Hech, der Kaiser."

## Always Keep Them In The House

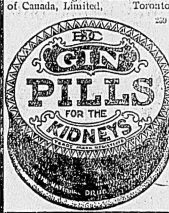

That's what Mr. H. J. Eastwood, of Carleton Place, Ont., says about Glin Pills.

"I have taken Glin Pills and find them good for pain in the joints, swelling, headache and all symptoms of kidney and bladder trouble. We always keep them in the house."

## Glin Pills FOR THE KIDNEYS

If you are feeling badly, perhaps it is your kidneys or bladder that are causing the trouble. If there is pain over the bladder—if the urine is hot and scalding—too free or scanty—if the urine shows brick dust deposits or mucus—if there is sleep and loss of appetite—then you certainly need Glin Pills. Get them today and feel better tomorrow.

Glin Pills are sold by all dealers at 50c a box, 6 boxes for \$2.50. Free trial treatment if you write National Drug and Chemical Co. of Canada, Limited, Toronto.

## LOSSES IN WORLD'S

GREAT BATTLES

Comparing the losses with those of the great battles of the United States Civil war, Neuve Chapelle again came high. At Gettysburg, where the losses were greatest, the Union army had 3,070 killed and 14,497 wounded; total 17,567, or about the same as the German losses at Neuve Chapelle. The Confederate figures were 2,593 killed and 12,706 wounded. Gettysburg, like Neuve Chapelle, was a three days' battle, the dates being July 1, 2 and 3, 1863. In no other battle of the Civil war were the losses as great as the German losses at Neuve Chapelle. Here is a list of the more important engagements:

	Union Confed.	Losses
Gettysburg	17,567	15,238
Antietam	11,557	11,200
Chancellorsville	11,300	9,200
Chickamauga	11,300	16,000
Fredericksburg	10,800	5,000
Manassas	10,200	5,100
Shiloh	10,000	10,000
Stone River	9,500	9,200

## POSTERS TO COMPLY

WITH BREEDERS' ACT

Stallion owners having posters or route cards printed must see that the posters comply with the Horse Breeders' Act. The requirements of the Act are as follows:

1. The true description of the stallion as a pure bred, grade, cross bred or scrub animal shall be printed immediately above or below the name of such stallion, and shall be at least one inch in height and of bold type.
2. No illustration, pedigree or other matter that is untruthful or misleading shall be used in any such bill, poster or advertisement.
3. Every such bill, poster or advertisement shall contain a letter copy of the certificate or enrollment for the current year of the stallion referred to therein, and such copy shall occupy at least one-quarter of each bill poster or advertisement.
4. Two copies of each such bill, poster or advertisement shall be mailed to the Department of Agriculture by the person or firm employed to print or publish same.

Posters must not accept any order for printing stallion posters or route cards unless the certificate of enrollment has been renewed for the breeding season of 1915.

## Apollo Choir Last Concert

With a crash and a bang the Apollo Choir closed its season with a most successful concert on Wednesday evening. Indeed, it was a fitting close to a successful season. A brilliant program was presented in a brilliant way—and Wetaskiwin was there! very emphatically there!

It's a long time since the S.R.O. (standing room only) sign was hung out at a Wetaskiwin concert, but there it was, early in the evening, half an hour before the regular program was to begin.

The Angus was packed to the door with a good humored, appreciative audience, and the universal verdict on the concert was "We've seen it, word, indeed, and that is nature." Why this crowd? The Apollo Choir had something to offer, that fact was well advertised, the past performance of the choir were a voucher that this concert would be worth while, and Wetaskiwin turned out, we might almost say en masse. It seems this splendid attendance was a token of appreciation of the people of Wetaskiwin to the choir.

The program opened with the Welsh favorite "Y Delyn Aur" a wonderful composition, majestic, full of haunting harmonies, ringing with religious feeling and fervor. It stirred the audience, as was expected. We think this was the finest, as well as the most difficult thing the choir attempted during the season, and all credit is due leader and choir that they were able to present it so well. Could we only have more of its kind! The choir also sang the splendid "Destruction of Gaza," with its mighty music painting, the crash of the crumbling, bracken temples, the uproar of the holocaust, the raving of the flames, as Israel destroys the temples of Baal. As an encore to this "Rule Britannia" was given, popular especially in these stirring times. The choir's last offering was "The Crusaders" stirring the Christian warriors, clashing over the desert wastes, fired by a holy fervor to wrest the sepulchre of Christ out of Moslem hands. The work of the choir was uniformly good, as we have come to expect.

Mr. Jenkins contributed to the evening's entertainment by singing the beautiful, as well as taking "I'll sing Thee Songs of Araby." The enthusiastic applause of the audience moved him to sing with an encore, "Then, you'll remember Me" with orchestral accompaniment. As the other soloist, another of Wetaskiwin's young singers, Miss Gretchen Wyld, was to have blossomed forth as a concert performer, but unfortunately a very severe cold prevented her appearing. Miss Wyld, also a pupil of Mr. Jenkins, and we were interested to see whether she could repeat the success of Miss Ramsey, whose brilliant performance the winter through have proved quite a sensation. In place of Miss Wyld, Mr. Tom Hughes stepped in with a fine recitation. He was very well received—in fact, Mr. Hughes is always acceptable to a Wetaskiwin audience.

And as for Gilbert & Sullivan's operette "Trial by Jury" it was a distinct treat. It is gratifying in the extreme that this operette, the material, both as regards vocal and histrionic ability, to put on such a production is so workmanlike a matter. The operette was splendidly presented, thoroughly balanced, well played, full of life and spirit, moving along smoothly, presenting a beautiful picture, and altogether it was very pleasing and satisfying. Wetaskiwin, having tasted blood, will undoubtedly clamor for more. Can we understand every word. The choruses were well drilled and entered into the play with great spirit, the acting and mimicry were very effective, and the work of the principals was splendid. Miss Ramsey, the broken hearted plaintiff, and Mr. Jenkins, the defendant, sang in their accustomed brilliant manner. Mr. Stewart, the counsel, proved himself a man of learning, and Mr. Tom Hughes as judge, and Mr. Miquelon as "gentle, simple minded usher" were very amusing. All concerned, we feel are to be congratulated on their fine work.

And there was something novel—a Wetaskiwin orchestral. Their work, too, was fully up to the standard of all around excellence of the evening's entertainment. The orchestra, delighted the audience with various selections, also accompanied Mr. Jenkins, and above all, accompanied the "Trial by Jury." Here's to the orchestral. Great credit is due to Fr. Wainwright, the conductor, and we must express our appreciation to the other members for their faithful work. Their reward must be the knowledge of work well done, of a service rendered their city.

This closes the season for the Apollo Choir. And successful to the word. They did what they set out to do, they presented six concerts, good music at popular prices, they stuck together the season through, attended rehearsals faithfully, and that often meant sacrifices. There was a steady advance to be noted in their work, always a little better when they sang, their teamwork. And we can only say credit is due Mr. Jenkins, whose efficient, musically enthusiastic self sacrificing work this successful season was made possible. We understand he received no financial remuneration for his work. To him, and to the spirit and interest of the members is it due that the choir did not founder in the shallow waters of disunity.

did not stick in the mire of mediocrity, did not lose momentum after the first half of the season, but kept on at full speed to this glorious finish. Only those on the inside can know with what difficulties the choir had to contend. So much greater must the satisfaction be now.

And this was to be only the first season. Greater and better things were planned for the future. But here comes the news that Wetaskiwin is to lose Mr. Jenkins, the leader of the Apollo choir. Should that be true, musical life in Wetaskiwin will undoubtedly receive a great setback, all the plans of the Apollo Choir would go aglimmering. What a pity in that were the case. The Apollo Choir—and that means Mr. Jenkins work—is a distinct asset to the city is something of great value to the community at large. And as a matter of civic pride we should strive to keep this asset, to retain this advantage that Wetaskiwin now enjoys over other cities. It means a great deal as far as advertising the city goes; it helps make Wetaskiwin a better place to live in, means a great deal for the community life of the city; it means a great deal for our children, for the younger generation. Let them grow up to the appreciation of good music—and that's what the Apollo Choir wants to aid. The work of Mr. Jenkins makes that possible and we can only hope that something may be done to keep this advantage to Wetaskiwin. And at the same time we thank Mr. Jenkins for his efforts so far.

One of the Audience.

## "Y" Notes

The regular meeting of the "Y" was held on Tuesday evening with a good attendance, Miss Grant presiding.

A letter was read from Sergt. Murphy, expressing his appreciation for the remembrance sent by the young people. Other topics which came up for serious discussion were the providing of a rest room and early closing on Saturday evenings in our city. After the ladies were dispensed with Miss Mighan read a paper explaining The Liquor Bill which is to come before the province on July 21.

## MARRIED

SCHIRMER-HANDSCHKE—In Wetaskiwin, on the 16th inst., by Rev. O. H. Schmidt, Mr. Nicholas Schirmer to Miss Lydia Handschke, both of Killam.

RAGAN-LOGAN—At the rectory of Emmanuel church, on the 20th inst., by Rev. J. H. Shoppard, Mr. William P. Ragan to Miss Laura Logan, both of Wetaskiwin.

## BONNIE GLEN

There was a good attendance at church held in this school house on Sunday last.

Ernest Priestley is around again after his illness.

Mr. Ben Cummings finished seeding his wheat last week.

Mr. and Mrs. Edna Kinsella left for Edmonton on Saturday.

The many friends of Gilbert Knott are glad to see him around again.

Mr. C. Fronsing was the guest of Mr. and Mrs. B. Cummings on Sunday.

Mr. A. Ayers made a business trip to Wetaskiwin this week.

Mrs. Morrison and family left here for their new home in Millet.

There was an exciting baseball played at Bonnie Glen on Saturday, when the Bonnie Glen team won from the Pigeon Lake team. "Too bad! We hope they get over it."

Mr. R. McPherson had his house destroyed by fire last week.

Miss Lottie Kinsella was visiting with Mrs. Morris of Scottsdale on Sunday.

Everybody is looking forward to the picnic held at Sandy Beach on Victoria Day.

Wm. Pitcher, west of Strome, is the owner of a cat that is 19 years of age. At one time the animal was both deaf and blind, but these faculties are returning, and Mr. Pitcher expects that before long his pet will be enjoying life again the same as in youth.

On Monday evening of last week each player in last season's hockey team at Sedgewick was presented with a finely engraved silver medal.

The Sedgewick team won the championship of the city division of this section of the Alberta Amateur Hockey association. H. S. Purvis, honorary president, made the present lions.

## In The Churches

### METHODIST

11 a.m.—"Joseph's Imprisonment" Sunday school at 2.30 p.m. 7.30—"The Signs of the Times." Soloist—Mrs. Aldrich.

EV. LUTHERAN; ZION CHURCH

Next Sunday, April 25, the confirmation of this year's German class is to take place. After the service the

regularly quarterly meeting of the congregation will be held. English service next Sunday evening.

Last week the North Alberta Pastoral conference of this branch of the Lutheran church met in Wetaskiwin. A number of sessions were held also two special services. On Thursday evening a church concert was given in Zion church, the main part of the program being taken care of by a minister's chorus, whose excellent work was greatly enjoyed by the audience.
